MARGOT · Sofa · Munna

This mid-century styled sofa develops an exquisite dialogue between horizontal and vertical shapes. The six feet and geometrical back sections convey an architectural feel, with a detailed build and interplay between forms. It is nothing but trademark Munna: exuberant yet curated, filled with quiet details that wouldn't be out of place in haute couture. It's indulgent seat is perfect for living spaces in need of some poised relaxation.

MELODY · Swivel Armchair · Munna

MELODY · Armchair · Munna

Like a song that starts with a gentle melody, the front of this armchair is composed as a verse, with a smooth seat and backrest. The scene is set for the explosion of the chorus, bursting from its quilted back, infused with detailed seaming and exuberant curved lines. The Melody Armchair is made to entertain, between song and dance.

QUEEN B · Swivel Armchair · Munna

The Queen B is pure charisma – it's sassy, looks fabulous in any mood in any color, the deep seat envelops, the exquisite seaming is masterful, the curved shapes enamour and the swivel steals hearts. As spicy as smooth, whatever the scene.

LIPSTICK · Swivel Chair · Munna

The Lipstick is an Art Deco inspired piece that brings the femininity of the boudoir to any living space with its sumptuous vertical pleated upholstery, while its rounded swivel base makes it a joyful seating experience.

GINGER & JAGGER

Lily • Coffee Table

Springing from a low base made of fig tree branches in brass casting, the Lily Coffee Table creates a dynamic presence from its layered tops and the handcrafted wood marquetry. A delicate balance for a living space.

CATUS • Console

The cactus leaf-shaped structure is cast in solid brass, providing a sense of functionality drawn from nature, while the minimalistic top and base provide a soothing balance with its quiet lines and graceful proportions.

GINGER & JAGGER

TIDES · Rug

The rise and fall of ocean tides are a reverberation of the combined forces of gravity exerted by the Moon and the Sun and the rotation of the Earth. Their cadence is mesmerizingly captured in the Tides Rug, brewing a sense of calm through the graphical elements.

DUNE · Rug

A Dune is a hill of loose sand formed by an invisible choreography of the wind, the land and the sea. This rug explores the passing of the wind, of time and of place. A sense of perpetual and delicate motion for a living space.

STARDUST · Coffee Table

The shallow craters formed by the impacts of the remains of the stars are alliterated by the hand hammered patterns of the Stardust. These singular and simple shapes tell tales of metal forged by hand, as craters tell the story of the Earth. A quiet yet intriguing statement for a living space .
