**Ginger & Jagger** premières the magnificent **Meridiano Sideboard** in American Walnut veneer at the curated showcase in Cologne. The piece is brought to life through handcrafted wood working and stonemasonry processes. The **Meridiano Sideboard** is available in both wood and marble, having either five or six compartments, between doors and drawers, depending on the version. The brand also presents handcrafted functional designs inspired by Nature's poetic realm, such as the new exotic **Bananas Wall Lamp** and the organic shaped **Vine Singular Mirror**, shown in silver. The award-winning **Landscape Desk** is presented in a second living space, alongside charismatic upholstered designs by **Munna**. The sculptural element of **Ginger & Jagger** is elevated by a curated display of lighting designs, with the **Eclipse Wall Lamp** and the iconic **Pearl Wall Lamp** as centrepieces. The materials and artisanal approach of the brand — handcrafted marble and metals, are also embodied by the wall lamps **Savana** and **Estremoz**, featured in silver and copper finishings.

For the Parisian showcase, **Ginger & Jagger** presents the **Meridiano Sideboard**, in negro marquina marble. The interior also features the new **Perdiz Bed Side Tables** that stand out for their clean lines and sumptuous leaf finishes, while the **Flora Bookcase** adorns the interior with silvery tree branches. The showcase is infused with some of the brand's masterpieces such as the **Fig Tree Console**, the **Primitive Console** and the **Rock Tables**, creations that are a tribute to Nature's graciousness, with a complex yet simple aesthetic, just like Nature.

The conceptual spaces especially created for the shows in Cologne and Paris, translate **Ginger & Jagger's** poetic realm, driven by Nature's forms and textures. **Ginger & Jagger** is a part of the Urbanmint Design, together with furniture design brand **Munna**, renowned for its exquisite handcrafted upholstery. Both brands are exhibiting at **IMM Cologne, from 14 to 20 of January, Hall 11.2, Stand M-051** and **Maison & Objet Paris, from 18 to 22 of January, Hall 8, Stand A22**.

**MERIDIANO** · Sideboard

The Meridiano Sideboard is a contemplation on the polarities in Nature. North and south, earth and water, gravity and air, these poles coexist with seemingly impossible harmony. Intricate in design, its top and foundation standing in purposeful equilibrium, the Meridiano emanates magnetic character. The marble front, top and sides are the framing devices for 3 doors and 2 large drawers, in lacquer, made to keep objects of cardinal substance to a living space.

**BANANAS** · Wall Lamp

Bananas brings to life the banana tree, with its elongated curved shape hosting hand-turned brass leaves. Emerging from the wall, it features a uniquely chiseled texture, allowing the light to be both reflected and diffused along the surface, culminating in a stand out piece for any living space.

**LANDSCAPE** · Desk

The distinctive Landscape Desk initiates a design tension between rough and smooth, straight lines and faceted shapes. It's novel metal structure is the foundation from where mountains and hills arise, reimagined in its silhouette. The desk devises a panoramic setting that can be appreciated from any vantage point.

**FIG TREE** · Console

The Fig Tree Console is a tribute to Nature's graciousness. The legs are made from fig tree branches in brass casting mold. The lacquered top has two drawers with purpleheart wood veneer lined with a subtle metal rim.

PEARL · Wall Lamp

The Pearl Wall Lamp is a poetic handcrafted tribute to Nature's mysterious ways. The piece, made in marble and metal, represents one of its quintessential attributes – serendipity. The magnificence of pearls, when produced naturally by oysters, is as breathtaking and it is exquisitely rare. The Pearl Wall Lamp's marble shape is carved by hand, making each piece, much like a natural pearl, an absolutely unique sculpture.

HEMISPHERE · Table Lamp

Hemisphere draws on the dominant role played by the sphere in our universe against the infinite nature of an ordered cosmos. The principal yellow gold plated brass quarter-sphere is juxtaposed against a rectangular Carrara or Negro Marquina marble block, creating a startling contrast between boldness and serenity, light and shadow, straight and curved reflections.

FLORA · Bookcase

A monument to artisanal wisdom, the Flora Bookcase stands as a graceful memento of branches springing from a quiet river bank. Designed to be filled with ideas, it's structure is made of tree branches molded in cast brass, with glass shelves that give it a profound sense of lightness.

VINE · Singular Mirror

Framing the beholder in a crown of vine branches, the Vine mirror is the ultimate artisanal piece. The four arches that form the frame are handmade from vine branches, molded in brass casting, found in the Douro Valley, home of the unique Port Wine.
