GINGER & JAGGER

NEW

Strata | Coffee Table

The Strata Coffee Table evokes the layers of rock and sediment that form in the earth with the passing of time. The three separate tables form an ensemble that can be set in different angles and positions, creating a soothing presence. Crafted from a wide range of materials, the Strata can convey different feelings, much like the Earth's surfaces - rougher when in travertine, or smoother when in wood veneer
