

GINGER & JAGGER

*Inspired by Nature*

GINGER & JAGGER

*Launched in Europe in 2012, Ginger & Jagger is a product design brand that prides itself on creating handcrafted high-end contemporary products inspired by Nature. Designed and produced in Porto, land of craftsmen and age-old tradition, Ginger & Jagger's Earth to Earth collection is an evocative poetic realm, where Nature's sculptural shapes are eternalized through handcraft, with unique artisanal techniques and an outstanding blend of superb materials such as brass, copper, exotic woods and marble.*

*Ginger & Jagger is for the aesthetes, the rebels, the travelers and the lovers. Ginger & Jagger motif is infusing a living space with the thrill of wanderlust, bringing you the pureness of Nature, the origins of the world, its wildness and the wilderness. Nature has a way of inspiring creativity. How far would you go for inspiration?*

## *New Designs*

*The creations reach for new horizons within the brand's ethos of collecting inspiration from Nature elevated to a poetic and abstract examination of shapes and concepts, through functionality and craftsmanship.*

*Fossil* | Console

*Geode* | Console

# Sideboards

*Monuments of artisanal wisdom, tributes to Nature's graciousness.*

*Designed with a profound sense of lightness.*

*Crafted by hand to be filled with ideas and  
objects of cardinal significance.*

*Fractal* | Sideboard

*The Fractal Sideboard has a singular kaleidoscopic marble pattern. The inlaying technique availed translates the visual pattern of a fractal, found in Nature, science and in human creation. The sideboard has four compartments, each with a sliding drawer with a polished marble finish.*

*Meridiano* | Sideboard

# Sideboards

*Bosque* | Sideboard

*The Bosque pays homage to lavish forest canopies, hosting trees that bask in the sun whilst sheltering the growing saplings beneath. The oak branches of the legs have been cast from a brass mold, and are surmounted by a sideboard comprising a pair of large drawers, the larger composed of two smaller cutlery drawers, between doors containing adjustable shelves.*

*Walnut* | Sideboard

*Magnolia* | Sideboard

# Bar Cabinets

*Evocative and poetic, functional and versatile,  
Ginger & Jagger's creations have an integral harmony  
between craft and materials.*

*Walnut* | Bar Cabinet

*The woodwork of the Walnut Bar Cabinet, made with inlay marquetry technique, evokes the first rays of sunshine passing through naked tree branches. The unique door handles are made from tree branches in brass casting mold.*

*Meridiano* | Bar Cabinet

# Consoles

*Fig Tree* | Console

*The structure is molded in brass casting from magnolia tree branches, providing function to its natural form.*

*The softness of the marble and the ruggedness of the textured brass are a testament of Nature's paradox: complex, yet simple.*

*Halo* | Console

*Primitive* | Console

*Gravity* | Lacquer Console

*Gravity* | Marble Console

# Coffee & Side Tables

*The commanding presence of Nature is encapsulated and made eternal by the craft, the materials and textures of these designs.*

*Rock* | Brass Side Table

*Encapsulating the commanding presence of Nature, the Rock Side Table is a bold design statement. Made from a single block of marble, the Rock is a soothing yet unmistakable presence. The likeness of its faceted geometry can be found in Nature in raw form.*

*Rock* | Side Table

*Canyon* | Side Tables

*Cerne* | Coffee Tables

*Nenuphar* | Coffee Table

# Dining tables

*Primitive* | Round Dining Table

*Peninsula* | Dining Table

*Pantano* | 160 Dining Table

*Rosebush* | Dining Table

*The totems for the gathering of people, for eating, drinking and sharing the gift of company. They convey a sense of lightness of being to a living space.*

# Mirrors

*Ginger & Jagger's mirrors have a sculptural scale, elevating their presence in a living space, becoming the ultimate artisanal pieces.*

**Vine** | Singular Mirror

*Framing the beholder in a crown of vine branches, the Vine mirror is the ultimate artisanal piece. The four arches that form the frame are handmade from vine branches, molded in brass casting, found in the Douro Valley, home of the unique Port Wine.*

**Solstice** | Mirror

*The Solstice Mirror captures an ethereal moment of alignment, a fraction of time when the Sun shines the brightest, and the longest. The stone is like the Earth, in an instance of stillness, embracing the mirror and the metal details, as warm rays of light.*

*Evocative, detached from unnecessary complexity, the Solstice is in essence a celebration all the everlasting elements that surround us - time, matter, light - and of oneself, reflected.*

# Mirrors

Core | Mirrors

*A tree's core is a testament of the vital force of Nature, a realm where nothing is lost, all is merely transformed.*

*The arches of this mirror are hand hammered in brass, shaped around a tree trunk. The mirror here represents time as a flat quasi-elliptical shape, therefore everlasting.*

Antartic | Mirror

Mantle | Mirror

Fragments | Mirror

# Lighting

*The intersections between light and shadow, stone and metal, are the quintessence of Ginger & Jagger's canon. Lighting sculptures with handcrafted metal and marble with a tactile element.*

*Pearl* | Wall Lamp

*The Pearl Wall Lamp is a poetic handcrafted tribute to Nature's mysterious ways. The piece, made in marble and metal, represents one of its quintessential attributes - serendipity. The magnificence of pearls, when produced naturally by oysters, is as breathtaking and it is exquisitely rare. The Pearl Wall Lamp's marble shape is carved by hand, making each piece, much like a natural pearl, an absolutely unique sculpture.*

# Brass Casting & Metalsmithing

*The designers and artisans select raw materials from Nature, such as branches from rosebushes, vines, and fig trees, leaves and bark.*

*The brass casting process is made with sand, fire and brass. The melted brass fills the shapes and textures left on the sand by the branches and the leaves.*

*Made eternal, the natural elements are then crafted by hand, providing a new sense of purpose to them - function following form.*

## Wood Marquetry & Turning

*The natural element in Ginger & Jagger's aesthetic canon is embodied by the use of raw materials such as solid wood or the finest wood veneers.*

*The wood carved from Nature provides function to the natural form, while the inlay marquetry evokes the first rays of sunshine passing through naked tree branches.*

*A balance between the integrity of the materials, the artisanal techniques employed and the brand's very own narrative element is the quintessence of Ginger & Jagger.*

## Stone Carving & Stonemasonry

*The design is the template,  
but each piece is imprinted with its own story.*

*From inception to completion, each Ginger & Jagger creation is unmatched in craftsmanship,  
and absolutely unrepeatable.*

*Made from handpicked blocks of marble,  
the designs become unique hand-carved sculptures with a functional element.*

*Poetic interiors,  
inspired by Nature*
